

# BLACK TIE-DYE BALL

with  
DARK STAR ORCHESTRA

In the Spring of 1984 the first Rex benefit was held in San Rafael, California. For the next 11 years, the Grateful Dead performed Rex benefit concerts across the country that resulted in over \$7 million in grants to some 900 programs. In December 2001, the Rex Foundation initiated its renewal efforts by presenting benefit events and extending its reach to a broad base of supporters, and has since granted \$350,000 to 50 programs in the United States and internationally.

The Black Tie-Dye Ball is the first Rex benefit outside the Bay Area since 1994. Initiating our 20th Anniversary celebration in Chicago with Dark Star Orchestra honors our history and celebrates the success of our renewal efforts to connect with an extended base of musicians and fans who want to see the Rex Foundation once again fund many worthwhile programs. This occasion reflects the sparkle of Chicago's talent, enterprise and community spirit. Proceeds from the benefit will support Chicago-based programs and the Rex Foundation's goal to multiply its grant making capacity.

or visit [www.rexfoundation.org](http://www.rexfoundation.org)

The mission of the Rex Foundation is to help secure a healthy environment, promote individuality in the arts, provide support to critical and necessary social services, assist others less fortunate than ourselves, protect the rights of indigenous people and ensure their cultural survival, build a stronger community, and educate children and adults everywhere.

The Rex Foundation seeks to fund grassroots programs across the United States and beyond that might not otherwise receive mainstream recognition, yet work in innovative, bold and sometimes controversial ways to bring about helpful solutions to challenging situations. In carrying out its work, the Rex Foundation endeavors to foster the magical combination of community, creativity and joyful spirit, where our supporters share the satisfaction of helping many worthwhile programs thrive and bring about a peaceful, sustainable and healthy world.
